JUNE GRADUATION CLASS OF NEWPORT NEWS HIGH SCHOOL
Newport News, Virginia

Have we ever stopped to think of the true meaning of the capitol, our national capitol? It is more than just the seat of our democratic government; it is a genuine symbol of AMERICANISM. It represents the ideals, customs, and institution which few other countries today can offer. These we should consider seriously.

Our graduation is one of these realities, a reality which we, the members of the June 1940 graduating class, should realize. We are more than fortunate in being able to take part in such an achievement. Because of the turmoil and conflict of the present day in other parts of the world, the staff of this publication chooses AMERICANISM as its theme.

S P O N S O R

ANDREW MURPHY

To the Class of June 1940:

While the hearts and minds of most of the races of man are filled with hatred, bitterness, and suspicion toward one another, and while those who are strong and powerful are inflicting their cruelty, greed, and lust on those who are weak and defenseless, you and thousands of other young men and women will, in America, graduate from high school in a society where such conditions at present are unthinkable.

While you were with us, it was your opportunity and privilege to learn the meaning of and receive the benefits from all that is embodied in and exemplified by the creed of Americanism. It is the fervent hope and prayer of all of us who bid you farewell, that always you shall realize the American way is the only way, that unceasingly you shall cherish it, forever guarding it as your priceless heritage, and that at all times you shall strive to protect it from those who continually seek to destroy it.

—Andrew Murphy

DEDICATION

ESTHER CUTLER

Her willingness to assume responsibility in school, church, club and young peoples' activities always has been admired. Even in her high school days here at Newport News, she was an honor student and active member of many organizations.

Now as a teacher of drama and social studies in this same high school, she has continued her interest. The Girl Reserves and drama department especially have a full appreciation of her valuable contributions. Poise, calmness, and a sense of humor have always been her outstanding assets. All these, plus a sense of proportion and cooperation, have earned her the reputation of a most versatile personality.

To this fine person and teacher, Miss Esther Cutler, the June 1940 Beacon Annual staff dedicates this publication, an annual devoted thoughtfully and reverently to "Americanism."

—June Staff 1940

Administration

Members of the Administration are left to right: Joseph H. Saunders, Superintendent of City Schools; Lamar R. Stanley, Principal; Ethel M. Gildersleeve, Dean of Girls; and S. D. Green, Assistant Principal.

Typically American is the administration of our local school system. Working in close collaboration with the school board, faculty, and our student governing body, the administration has developed an efficient system for serving the individual student for his greatest individual good.

Dr. Joseph H. Saunders acts as superintendent of schools; Lamar R. Stanley, as principal, is in charge of the high school in general; Ethel M. Gildersleeve, dean of girls, acts as adviser in helping the girls with their problems; and assistant principal S. D. Green has the task of advising the boys.

Represented by this group and backed by our student council, we have here a small democratic unit governed by the same principles and practices used by our American government and found so necessary to an independent and free thinking people.

FAREWELL

We roamed your halls
And cheered your teams,
We rent the air
With songs supreme,
But now we're leaving you,
Dear Old High.

With tears in heart
We say adieu,
And many times
We'll think of you,
In all the days to come,
Dear Old High.

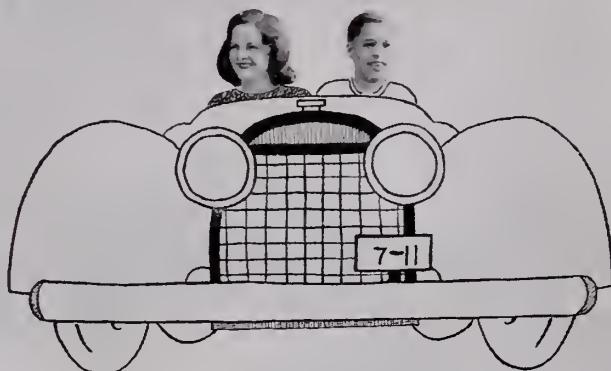

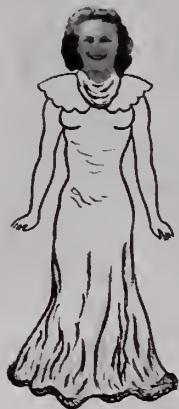

When we have gone
There'll always be
The very fondest
Memory
Of friendship strong and true,
Our Old High.

So now we part
And go our way,
But we will meet
Again some day,
Till then we say farewell,
Dear Old High.

—Music by John Cox

—Lyric by Archie McWilliams

THE BEACON

Scattered above in more or less haphazard fashion are Beacon headlines covering a four(?) year sojourn here at Newport News high school. This highly eventful period was climaxed by the addition of the new wings, symbolic of the growth and progress of a typically American high school.

Could Russell Take It?

Time was when Russell lived in deadly terror of soap and water. You can't blame him either—for the "hot" water might be icy cold, luke-warm, or scalding.

Then Russell's Dad bought an Automatic Gas Storage Type Water Heater. Now all the family (including Russell) is sure of clean hot water at exactly the right temperature, 24 hours a day.

The 1940 Automatic Gas Water Heaters insure perfect, unfailing service at every hot water faucet and with Gas as the fuel, low-cost is a certainty.

Do you know about our Special Low Gas Rate for Automatic Water Heating and Refrigeration?

Call 731

and ask for details, also find out that Automatic Gas Water Heating costs less than you think.

Big Things Are Happening

On This World Of Ours

It's mighty nice not to hear the drone of mighty bombers overhead . . . it's really great to sit down to a dinner that the government hasn't planned for you. Do you know one of the most important reasons why you can do these things? It's because your paper and every other newspaper in the United States protects America. In this country you can believe the news you read . . . you get the most accurate reports possible on all events. It's your duty as an American citizen to truly appreciate the importance of a free press.
